

.. PALMETTO THEATRE ..

TODAY'S PROGRAM

NEVER AGAIN Vitagraph
Special two reel melodrama, featuring Sidney Drew. He lets himself loose and goes the limit. He forgets for the time being, but is unexpectedly reminded of his folly. He pays the fiddler and solemnly swears "Never Again."

LUCK IN ODD NUMBERS Essanay
Comedy.

LOVE'S YOUNG DREAM Edison
Comedy.

Several tons of humanity divided very unequally among four people, try hard to balance themselves—that is the fat man marries the little woman and the feminine pocket edition marries a regular crowd. Then the row begins when the husband pretend to commit suicide there is general atonement.

4 BIG REELS EVERY DAY---10c.

THE MAN THAT PUT THE "MOVE" IN MOVIES.

MARGUERITE RISSER.

FRANCIS MARION, "The Swamp Fox," is a new three part story of the Revolution just released. Striking action and splendid staging make this picture a success, while the love theme which runs through it rounds out the story perfectly.

Marguerite Risser is a charming young lady who can act equally well in drama, comedy or farce and has many devotees wherever the movies are known.

Dramatic parts are the forte of Charlotte Burton, a popular young actress. Although Miss Burton's face fits her for ingenue parts she prefers to interpret character with more depth of feeling than is usually allotted the young girl on the screen. On that account Miss Burton has endeared herself to thousands of photo play fans as an emotional actress.

SCENE FROM "THE SWAMP FOX"

The ranks of the good looking beauties have been strengthened by the addition to the Western roster of V. A. Van Antwerp, who has specifically made himself at home at Niles, Cal.

Cyril Chadwick, long associated with Hayes and Norworth and "The Eternal Valtz," in which he starred with Mabel Herr, has signed a contract to appear in a series of "Silly Ass" comedies from the pen of Lloyd Lonergan.

"Musie Hath Charms—Not" introduces band practice in the boarding house which inspires hotelerism on the part of the other guests, and the janitor becomes a "mark."

"His Sob Story" is a two part film just released.

While looking for work John goes to the assistance of a poor woman and finds in her hand bag a child's photograph. He gets an idea for a good newspaper story. The editor to whom he presents it turns white at the details of the story—it was his own wife.

"Clear Butts," directed by Albert Hale, is an entertaining little story related by a tramp in the park. In the story he poses as a secret service detective, who tracks down a band of diamond smugglers, and the way they are apprehended makes a thrilling and absorbing play.

ELECTRIC CITY SPARKLETS

Items of Interest and Personal Mention Caught Over the Wireless on the Streets of Anderson

Concerning the Pardoning of Vernon.
The pardonable interest has been focused in different sections of the county over the pardon granted to J. D. Vernon last week. In his speech before Governor Blease said that he was going to pardon Vernon because of a letter he had received from Vernon's child. Vernon was serving a sentence of one year for stealing six bales of cotton. He is the son of a former Anderson county preacher and possesses some education. Several poems and poems he wrote while in jail are in circulation in this county now and some of them are said to possess real merit. The story is told that Vernon had one of the station bales of cotton in the parlor of his home with a sheet covering it and a family Bible on top. It will be remembered that the prosecutor in this case wrote a red-hot letter some time ago relative to this pardon, saying that he did not favor it and that there are several other charges on which Vernon may be prosecuted.

Attendance Will Break All Records.
Anderson Elks yesterday received the splendid brass badges which they ordered for the meeting of the State Association to be held here on June 17 and 18. These badges are very expensive and the Anderson Elks are more than pleased over the selection. Indicating now are that the attendance at the event will surpass anything of the kind ever attempted here. Anderson has announced that they will bring over 125 members for the event. Greenville will send over 100, while Columbia has chartered three Pullman cars for the trip and will send about 100 members, not including the 22 pieces in the drum and bugle corps recently organized there. From Greenville, Sumter, Florence, Orangeburg and other towns and cities comes the word that all these lodges will send large delegations. Anderson will certainly be taxed to take care of the enormous crowd.

Surprise Wedding Here Yesterday.
A wedding of much interest took place in Anderson and few local people knew of it until the following announcements were received last night.

Mrs. Edward Thomas Cashion announces marriage of her daughter Josephine

to Mr. R. Frank Hall on Monday, the first of June, Ninety-six hundred and fourteen. Anderson, South Carolina. Immediately following the ceremony yesterday the bridal couple left for their honeymoon, after which they will be at home in Atlanta.

Visitor Charmed With Anderson.
Miss Gertrude King of Chicago, who is in the city for the purpose of demonstrating a well known corset at D. Geisberg's establishment, says that she is charmed with Anderson and is enjoying her stay here. She says that she likes this town better than any other town she has thus far visited in South Carolina. Miss King has made a number of friends in Anderson.

Much Money For Anderson Schools.
The state aid fund for the high schools of the various counties has been received in Anderson for the schools of this county and the educational authorities of the county are well pleased over the sum obtained here. The following is the manner in which the money for this county has been apportioned, Belton \$413; Honea Path, \$457; Iva, \$425; Lebanon, \$380; Pendleton, \$400; Starr, \$320; Townville, \$280; Williamston, \$405. This is proportionately as large sum as is received by any county in the state and it will be a great help to the various schools during the coming session.

Anderson Man On A Long Trip.
George Hammett, one of Anderson's well known business men, left yesterday for his vacation, which he will spend on the Pacific coast. Mr. Hammett will visit a number of the larger cities in all parts of the west and returning he will stop at Denver on July 13 for the Grand Lodge of Elks and Golden Jubilee, which will be in progress from the 13th to the 19th. Mr. Hammett will see many points of interest on his trip.

Even Automobile Won't Leave Here.
Dr. W. C. Pearce returned yesterday from Gaffney where he went to purchase an automobile. The queer part about this deal is that the automobile was evidently sold to a Gaffney man but evidently the machine had fallen in love with Anderson and was not willing to run in Gaffney. Not long ago B. F. Mandlin traded one of his cars to a Gaffney concern and this was the machine purchased by Dr. Pearce.

Mr. Ashley Is Some Better.
Sheriff Ashley returned yesterday from Honea Path where he went to spend the week end with his father, Hon. J. W. Ashley. Mr. Ashley has been very ill since he fell from his door step a few days ago and sustained painful injuries and his friends were alarmed about him. The sheriff said yesterday that his father's condition was considerably improved and he thinks that a few days will see him out again.

Board Was In Regular Session.
The county registration board met yesterday in the office of Supervisor King and transacted the regular business affairs of the body. There was nothing out of the ordinary in connection with this meeting except for the fact that an unusually large number appeared and made application for registration certificates.

Anderson Folks Off For Wedding.
A number of Anderson people left last night for Lafayette, Ala., where they go to be present at the marriage of W. D. McLean, a well known insurance man of this city, which will take place tomorrow evening at 6 o'clock. Mr. McLean was accompanied last night by E. C. McLean of New York, his brother, who will act as best man, and W. E. Watson. Miss Alberto Brock, who is to be another attendant at the wedding, went from Jacksonville to the Alabama town some days ago. Mr. and Mrs. McLean will arrive in Anderson in about 15 days.

Cotton Seed Men Holding Convention.
The Cotton Seed Crushers' Association of South Carolina will convene in Columbia today with a number of Anderson men in attendance. The convention will continue through June 10 and there will be a number of enjoyable features. C. C. Dargan of Anderson was on the program for an address this afternoon on the subject "Care and Handling of Leather Belting," but Mr. Dargan was prevented from making the trip, at the last minute. It is probable that the address will be delivered by another member of the association.

City Voters Must Soon Be Enrolled.
Those Anderson voters expecting to cast a ballot in the coming municipal election should not lose sight of the fact that the time for placing their names on the club rolls is almost expired. The rules say that the voter must be enrolled five days before the election is held and as the election comes this year on June 16 that means that Anderson voters must enroll before June 11. Great interest is being manifested, both in the aldermanic races and in the race for mayor.

Lady Clerk At Shoe Store.
Miss Mabel Carlisle of Abbeville has arrived in the city and accepted a position with the shoe store of Geisberg's Brothers shoe store. Miss Carlisle is a splendid saleslady and has had experience with the shoe business. She will doubtless prove valuable to the store concern.

Abbeville Man Has Moved Here.
Thomas J. Lyon of Abbeville arrived in the city yesterday to accept a position with the Cox Stationery Co. and has already entered upon his new duties. Mr. Lyon is a brother of W. H. Lyon, the jeweler, and the newcomer will receive a hearty welcome on "Bill's" account if for no other reason. He has already made a number of friends in Anderson.

First Pullman Was Run Sunday.
The first Pullman car to run over the lines of the interurban on the Atlanta trip was seen Sunday night. This car was picked up in Spartanburg at 7:50 o'clock and brought from there to Greenwood, via Greenville and Belton. Those Anderson people coming to Belton Sunday night in car said that it proved to be a delightful mode of travel and much preferable over the old interurban cars. The superintendent of the P. and N. line says that he hopes in time to build up a business enough through this territory to justify a Pullman from Anderson to Atlanta over his line.

Andrew Sullivan Enters the Lists.
The second candidate for county commissioner to announce is R. Andrew Sullivan of Rock Mills township. Mr. Sullivan is one of the best men in the county and if he should be elected he would make a splendid officer. He has had some service as a township commissioner in years gone by, and knows what the roads and bridges require. The section for which he would be commissioner if elected comprises four townships, including the city of Anderson. Mr. Sullivan's argument is that the commissioners would do better if they were from the remote parts of the county so that they could observe in coming to the court house where the roads need strengthening.

Mr. Horton's Plan Working Very Well.
The Anderson Real Estate and Investment company has made quite a hit with its plan of selling lots on reasonable terms and long payment. In West End there are corner lots which sell for \$300 and inside lots for \$275. The amount of cash required is but \$10. The poor but ambitious citizen can in this way acquire his home, taxes free for a while. Over half of the lots have been disposed of already.

Rev. J. T. Mann In Abbeville.
Rev. J. T. Mann will preach at Turkey Creek Church next Sunday morning at 11 o'clock, and at the Baptist Church of Donalds at 8 o'clock p. m. of same day.

MAKING MORE JOBS
Congress Asked To Create Interstate Trade Commission.
(By Associated Press.)
Washington, June 1.—Creation of an interstate trade commission has been approved by the membership of the Chamber of Commerce of the United States by a vote of 522 to 124, according to results of a referendum made public here today. The votes were filed by 245 commercial organizations in more than 35 states. Some organizations refrained from voting on the ground that there would be no trust legislation at this time. Others objected to "haste" in such legislation.
